

OLIVER ZETER

SAUVIGNON BLANC KABINETT

Kabi always works!

Kabinett is a unique wine style characterized by moderate alcohol and a delicate sweet-acid balance. Traditionally made from Riesling, our Kabinett, however, is a pure Sauvignon Blanc. The grapes are selectively hand-picked at the end of September and gently pressed. Fermentation occurs spontaneously with naturally occurring yeasts, both in wooden barrels and stainless steel tanks. This gives the wine its subtle character with a rather restrained varietal bouquet.

The young wine remains on the lees until bottling in spring, enhancing its finesse and elegance. The true champion among the Prädikat levels also surprises as a Sauvignon Blanc with its irresistible qualities. Light, playful, and with great drinkability, it is the exotic green aromas that make it a true one-of-a-kind wine. Fine minerality and a hint of phenolic structure add an animating touch and a long-lasting finish.
